Flying Flags for Heroes

**Do you support
our Veterans?**

Join in our mission, in honoring our nations heroes,
by placing our symbol of freedom for them.

We aim to place 1 Million flags on the graves of our Veterans.

Visit your local cemetery to place an American Flag at the graves of our Veterans. We challenge every member to place a minimum of two flags next year; place one for a veteran you know and another one for a veteran you wish to honor.

Together we can make this happen.

Honor Veterans every day, not just on a holiday.

I am honored to have this opportunity to help lead the Sons of The American Legion in ***Flying Flags for Hereos***. I am a member of the Sons of The American Legion and honoring veterans is near and dear to my heart.

On Veterans Day in 2015 at the age of 10, while honoring my grandfather in our local cemetery, I realized that our Nations Heroes were not getting the respect that they deserve. As I placed a flag on my grandfather's grave I looked around and noticed that none of the Veterans around him had flags or flowers. This bothered me and I started to complain.

It was in that very moment that my mother taught me a valuable life lesson. She looked at me and said "If you see something wrong you can't complain about it, unless you're willing to do something."

That very night I got to work doing chores to raise money for flags so I could honor our veterans. Little did I know that just doing some chores around the house would lead to what it has become today.

Since that Veterans Day in 2015, I have started a nonprofit organization called ***Veterans Flags and Flower*** and have been able to place over 270,000 flags on the graves of our veterans and have been privileged to travel to over 37 states, meeting many great Veterans along the way.

People have taken notice of my efforts and my story has been aired on all major networks as well as being documented on The History Channel.

Best of all I was honored by former President Trump at the State of The Union Address and was able to visit the oval office.

I look forward to seeing what the future has in store in this continued endeavor to honor our Nation's Heroes and pay ohmage to those who have served. Partnering with ***Flying Flags for Hereos*** hoping you will want to take part as well.
